You Can Tell the People Who Have Iron In Their Blood-Strong, Healthy, Vigorous Folks

Doctor Says Ordinary Nuxated Iron Will Increase the Strength of Nervaux, Run-down People in Two Weeks' Time in Many Cases.

ONE glance is enough to tell which people have from in their blood. They are the ones that do and dare. The others are in the weaking class. Sleepare the ones that do and dare. The others are in the weaking class. Sleepless nights spent worrying over supposed aiments, constant desing with habit-forming drugs and narcottes and useless attempts to brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong. Their real trapble is lack of iron in the blood, says Dr. James Francis Sullivan, formerly Physician of Believue Hospital (Outdoor Dept.), New York, and the West-hester Caunty Hospital. Without fron the blood has no power to change feed into living tissue and therefore, nothing you eat does you good; you don't get the strength out of it. When from is supplied it enriches the impoveriabed blood and gives the body greater resistance to ward off disease. Numbers of nervous, rundown people who were alling all the while have most astonishingly increased their strength and endurance simply by taking from in the proper form. And this, after they had in some cases been going on for months without getting benefit from anything.

thing.

If you are not alrong or well you owe it to yourself to make the following test: See how long you can work or how far You can wake without becoming tired. Next take two five grain tablets of Nurated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. There is nothing like good old from to help put calor in year cheeks and sound, healthy flesh on your bones. But you must take from in a form that can be easily absorbed and assimilated like Nurated Iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete and origefighter has wine

Many an athlete and prizefighter has won the day simply because he knew the secret of great strength and endurance which comes from having plenty of iron in the alead while many another has gone down to inglorious defeat simply for the lack of

In regard to the value of Nuxated Iron.
Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon of the City of Chicago, and former House Surgeon Jefferson Fark Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building to the nerves and strengthening the must be public is hereby unscripted to be careful and see every bottle is plainly labeled "NUXATED IRON" by the Dae Health Laboratories, Paris, London and Detroit, U.S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron well not help you.

Rateratures Nova: Natated Iron recommended above is not a sevent results than from any preparation I have ever used in 34 years paratice. Dr. R. B. Baugh, Palkville, disa, graduate of the Memphis Hospital College, Memphis, 1898, says: "It always prescribe Nuxated Iron where a reconstruction to adulteration and substitution by unscriptulous persons is very great, and the public is hereby active to the public is hereby and the public is hereby and the public is hereby to the public is hereby to the public is hereby the pathic because of the public is hereby and the public is hereby because the comparation of the public is hereby and the public is hereby because the plainty labeled "NUXATED IRON" by the Dae Health Laboratories, Paris, London and Guercet, and with most other tonics.

Under such circumstances the tempta-tion to to adulteration and substitution by unscriptulous persons is very great, and the public is hereby and the public is hereby and the public is hereby business and Given to the circumstances of the tempta-tion to to dulteration and substitution by unscriptulous persons is very great, and the public is hereby and the public is hereby business and Given the circumstances and substitution by unscriptulous persons is very great, and the troundstances and circumstances and circumstances and circumstances and circumsta

Swern Statement of Composition of its Formula THE Board of Directors have authorized the broadest publication of the sworn statement of the composition of Nuxaied Iron, so that the public may examine it for themselves and judge as

its merits. Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is suggested that physicians make a record of it and keep it in their offices so that they may intelligently answer questions of patients concerning it. Everybody is advised to cut it out and keep it. A copy of the actual sworn statement will be sent to any one who desires such. It is as follows:

Iron Peptonate (Special Specific Standard) Quantity given below. Sodium Glycorophosphates U. S. P. (Monsanto) Calcium Glycerophosphates U. S. P. (Monsanto) P. E. Nux Vomica U. S. P. Cascarin Bitter, Magnesium Carbonate. Pa. Ginger U. S. P. Calcium Carbonate Precip. U. S. P. Calcium Carbonate Precip. U. S. P.

S. P.

Each dose of two tablets of Nuxated on contains one and one-half grains of ganic iron in the form of iron peptonate a special specific standard which in our of a special apecine standard which in our pipinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we would have accomplished the same thing at less than one-twelfth the cost; but by or doing we must have most certainly impaired their therapeutic efficacy. Glycero-shoophates used in Nuzated Iron is one of the most expensive tonic inserdients of the most expensive tonic inserdients. paired their therapeutic efficacy. Glycero-phosphates used in Nuvated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycerophosphates are said to centain phosphorous in a state very similar to that in which it is found in the nerve and brain cells of man.

As will be seen from the above, two important ingredients of Nuvated Iron (Iron Peptonate and Glycerophosphates) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulteration and substitution by unscrupulous persons is very great, and the public is hereby warned to be careful and see every bottle is plainly labeled "NUXATED IRON" by the Dae Health Laboratories, Paris, London and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuvated Lear will not had an
